Career

White started her porn career in 2003 when she was 18 years old.^[a] Angela White is her real name. In an interview on Adult DVD Talk she said the following^[b]:

I use my real name. It was a deliberate political move. I wanted the world to know that I was happy and proud to publicly share my sexuality. There is still so much shame surrounding sex and sexuality and part of my life's mission is to help people feel confident and comfortable about their sexual fantasies and desires.

She has appeared on several films produced by the Score group and one Abby Winters film. White has also modeled for the *Scandalist*^[c] and Abby Winters web-sites and she also appears in a number of other big-boob sites such as X-CatF and CDT Busty^[d]. She did her first blowjob and boy-girl hardcore scenes with Score in March-April 2011. *Scoreland* announced the feature as *Angela White Finally Fucks* and the website released new material of her every Friday for 4 weeks.^[e]

In autumn 2013, White's official website finally went online. It features new boy-girl scenes that she stars in and directs. Unlike the big scenes at Scoreland.com, Angeliwhite.com allows its members to download content.

She also did some acting outside of porn, appearing in several episodes of the Australian comedy television series *Pizza* (also known as *Fat Pizza*) during its 6th series in 2007 as *Emily*, an ex-porn star who becomes the new live-innervest of Fabio Gigliotti.
